Subject: Microsoft settlement

Gentlemen:

It is time to let go of Microsoft. It was an ill-advised suit in the first instance, initiated by a group of Anti Big Business Haters in the Clinton Administration. Also call off the dogs in the States that are looking to extort from microsoft in the same manner that was employed in the Tobacco Case - an abuse of Federal Power that is unlike anything this country has ever seen, and I hope we never see again!

Thank You.
